

Collecting content from your community is hard, we make it easy.

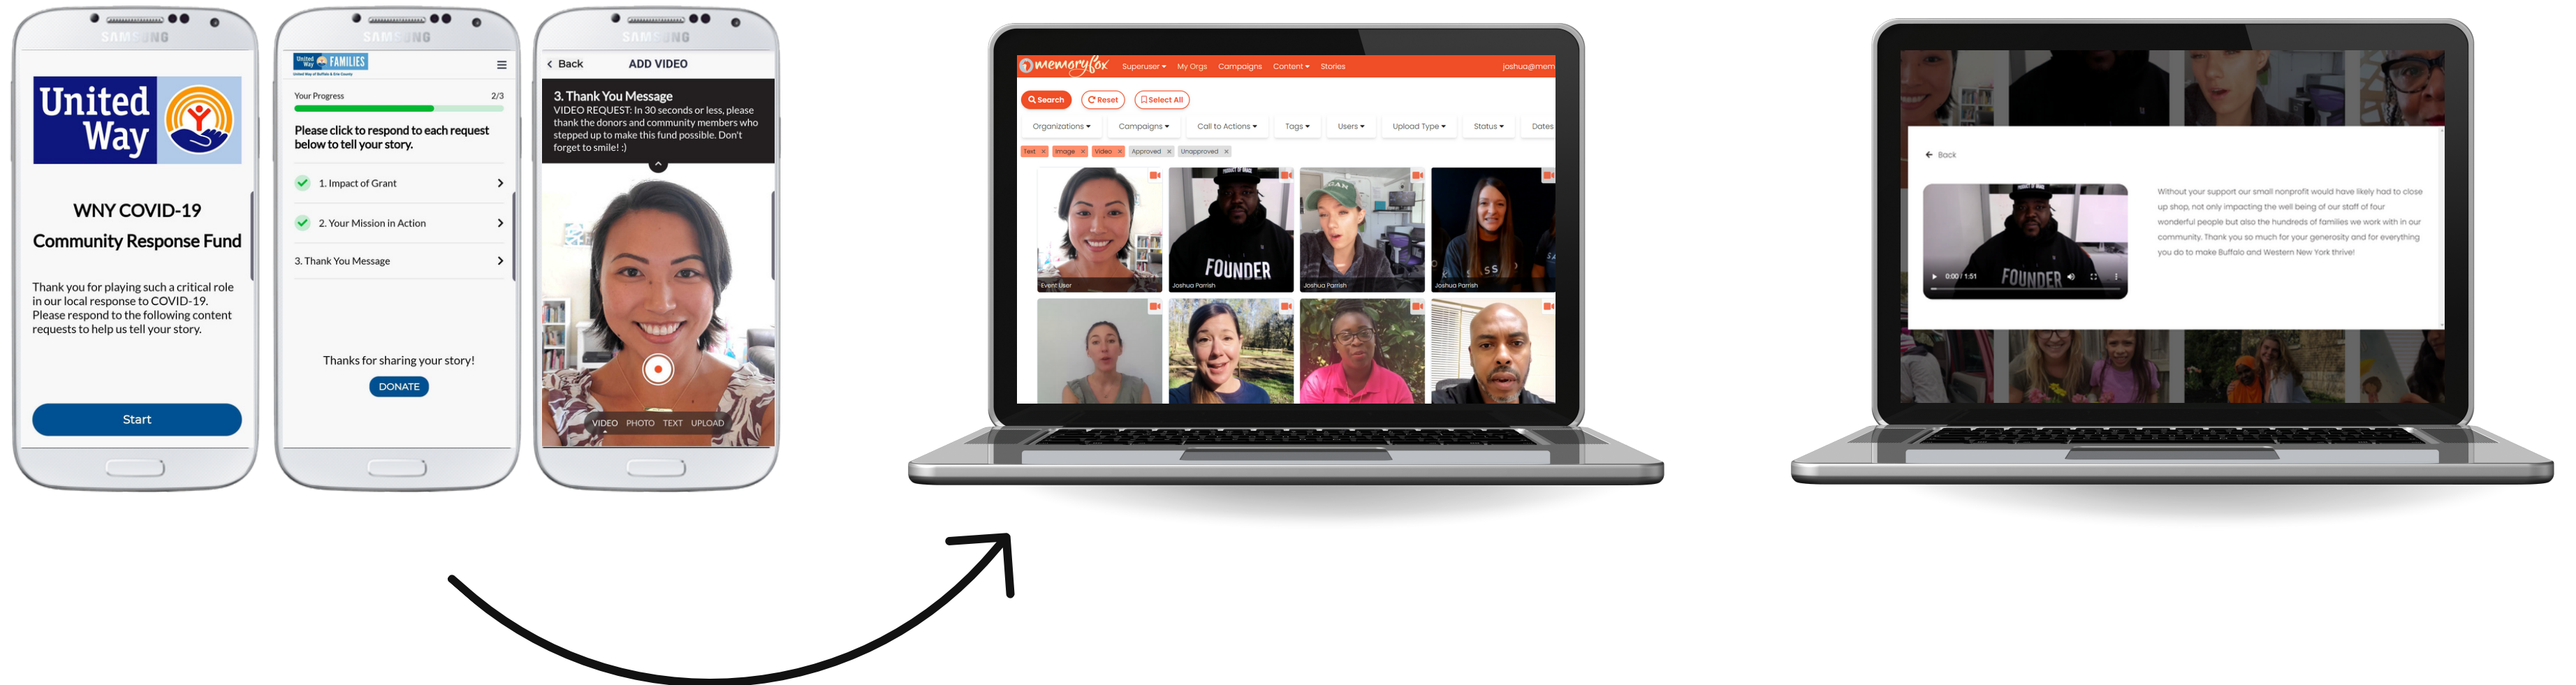

A content management tool specifically built for nonprofits that helps you tell your organization's story using community-generated pictures and video.

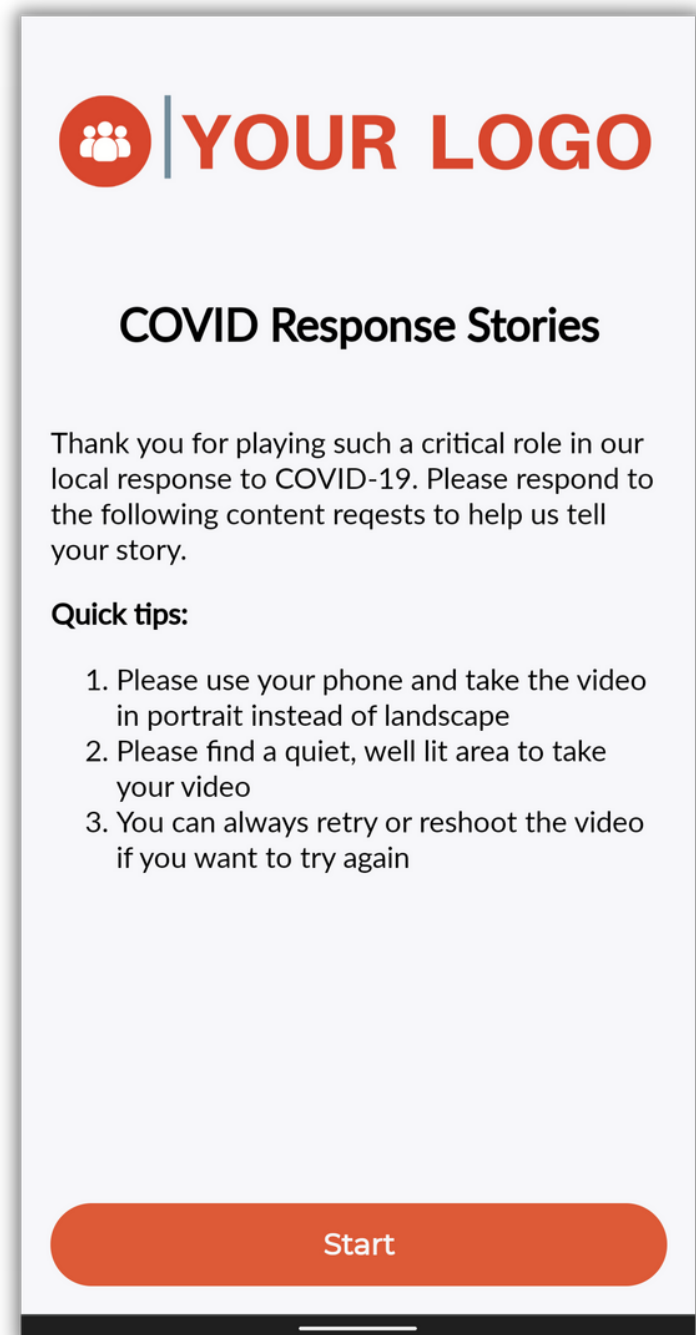

memoryfox[®]

A simplified, start-to-finish workflow to collect, organize, and share powerful community stories

The Storyteller Journey

 **YOUR LOGO**

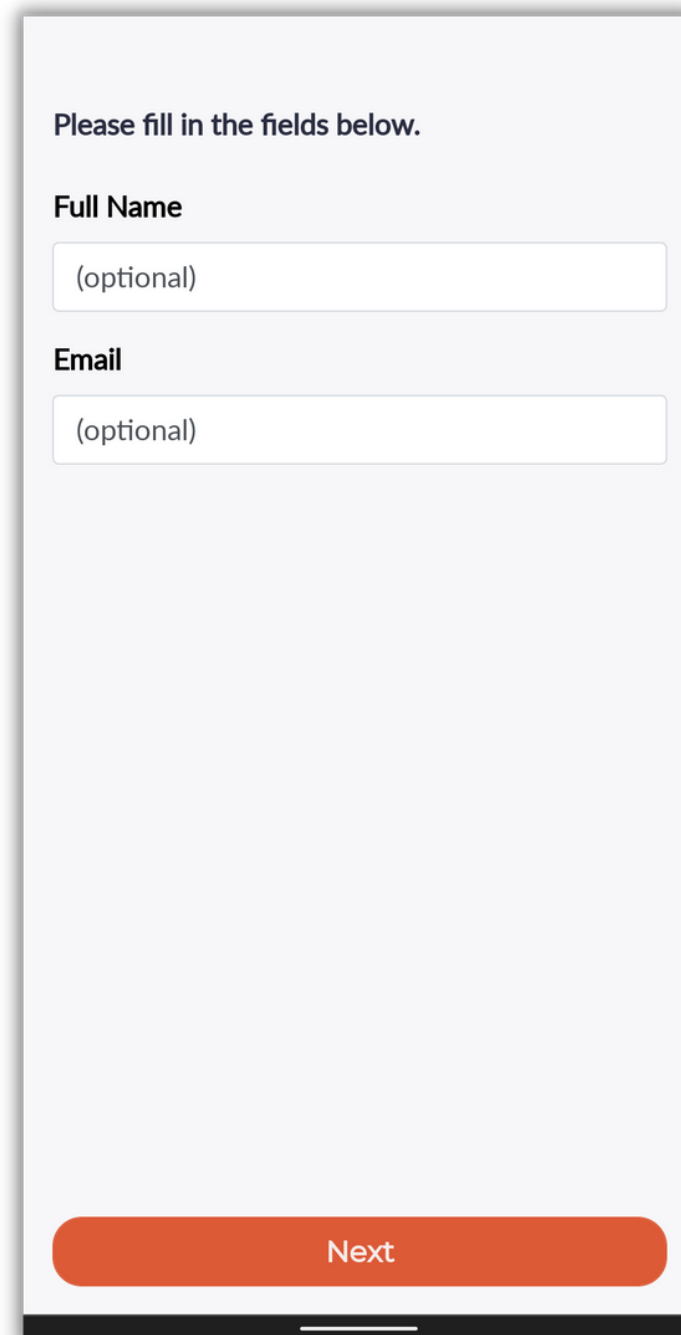

COVID Response Stories

Thank you for playing such a critical role in our local response to COVID-19. Please respond to the following content requests to help us tell your story.

Quick tips:

1. Please use your phone and take the video in portrait instead of landscape
2. Please find a quiet, well lit area to take your video
3. You can always retry or reshoot the video if you want to try again

Start

Please fill in the fields below.

COVID Response Stories

By submitting this form, you consent to your message and its release, publication, exhibition, or reproduction to be uses for news, webcasts, promotional purposes, telecasts, advertising, inclusion on websites, social media, or any other purpose by our organization and it's affiliates and representatives.

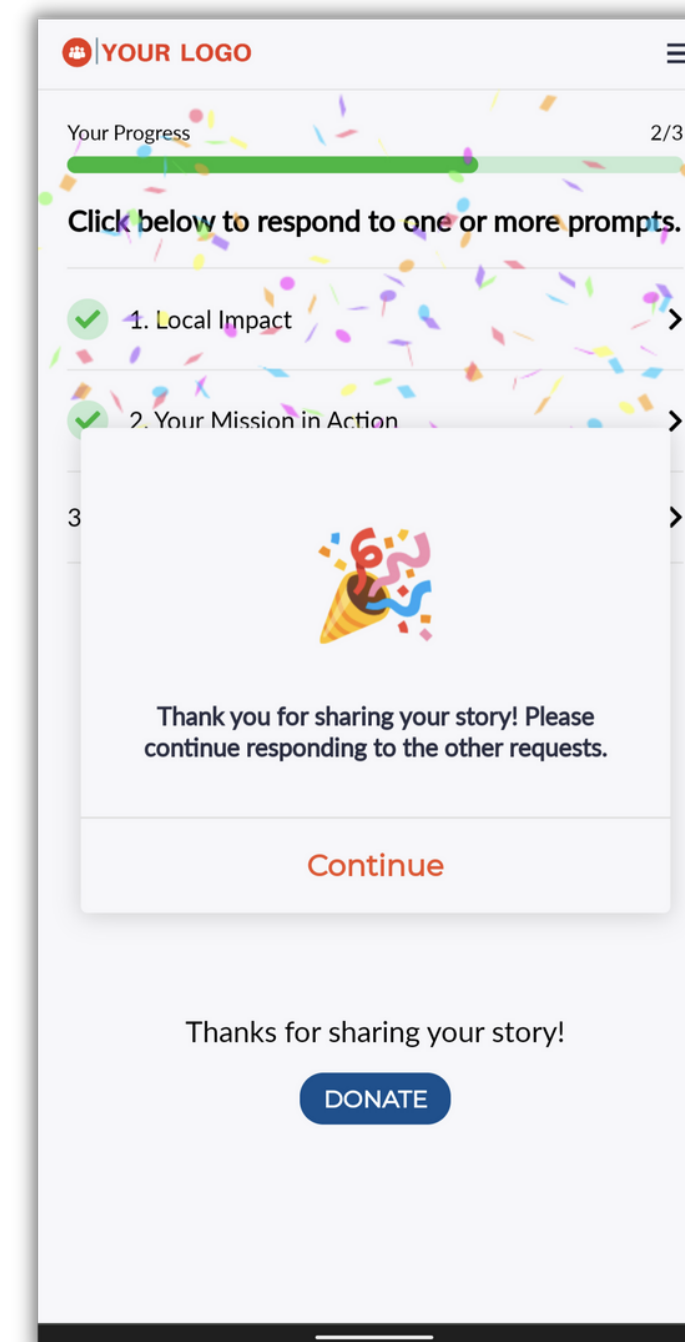

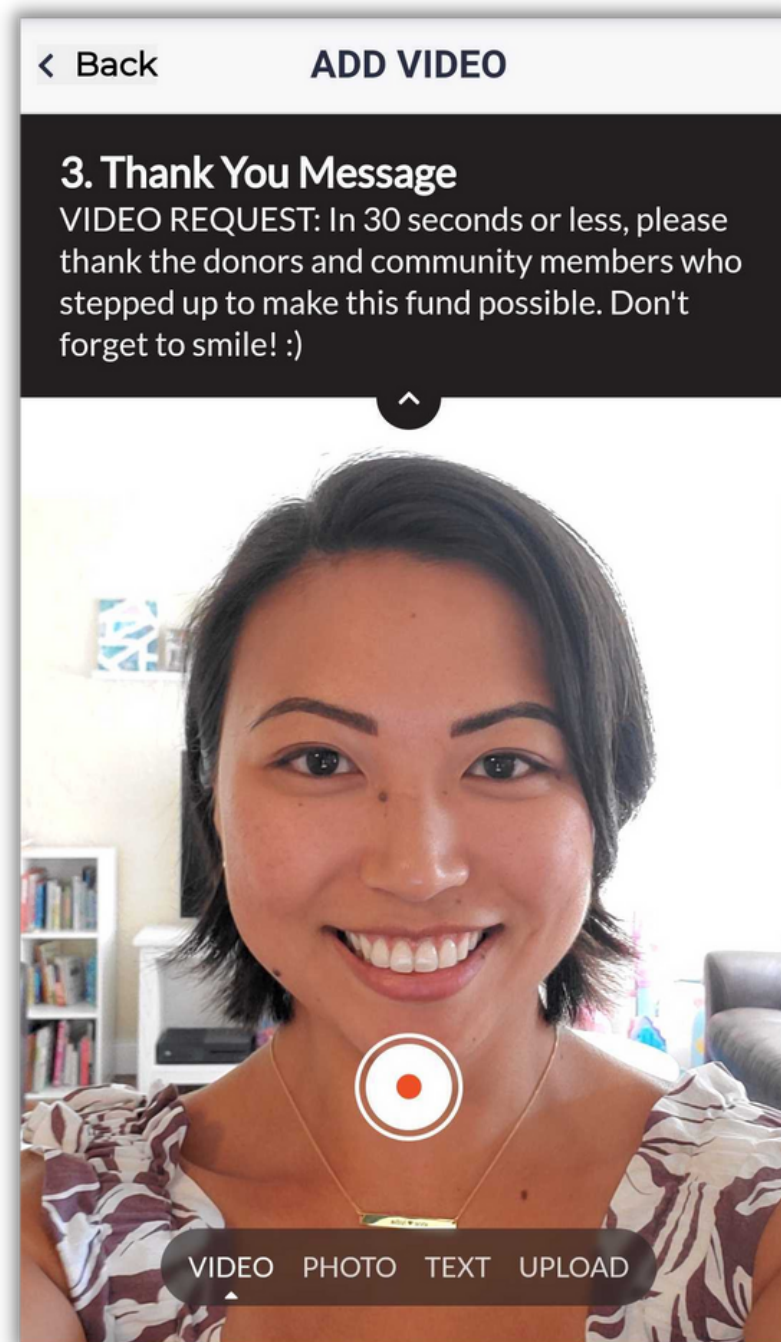

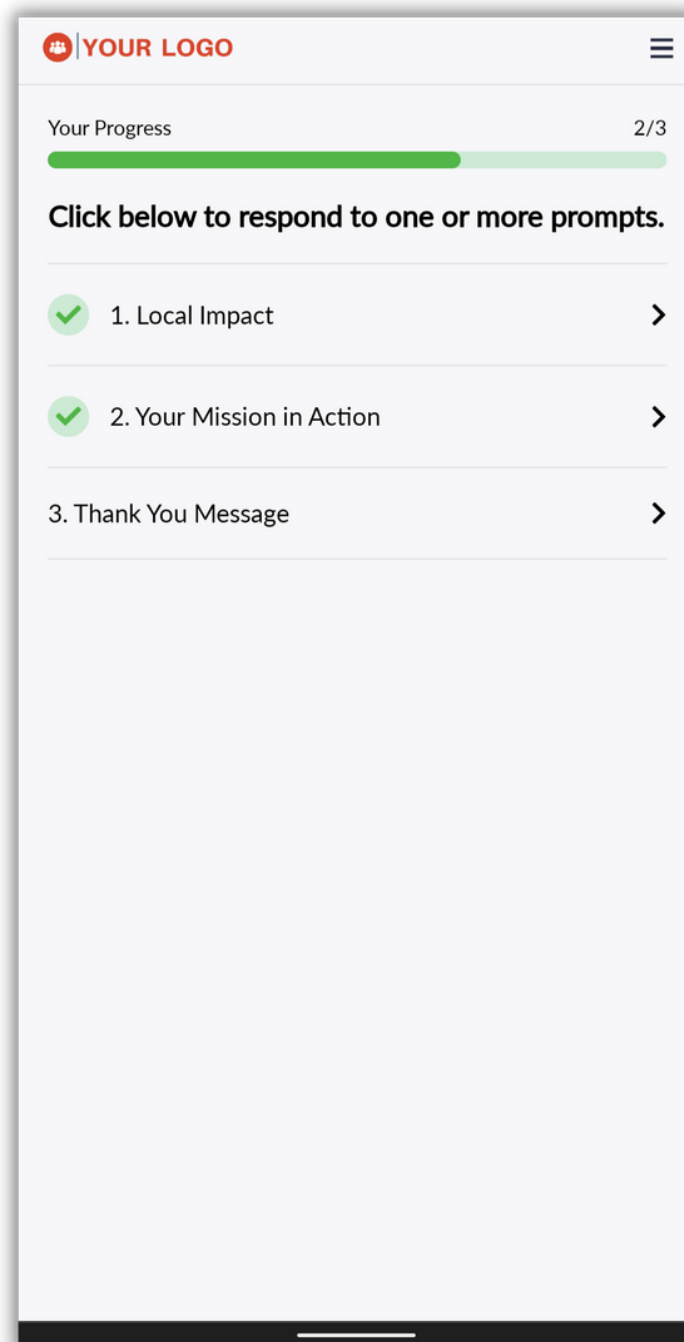

I agree to the terms.

Start

1 No download or account setup required for your storytellers

2 Capture contact info and streamline consent management

The Storyteller Journey

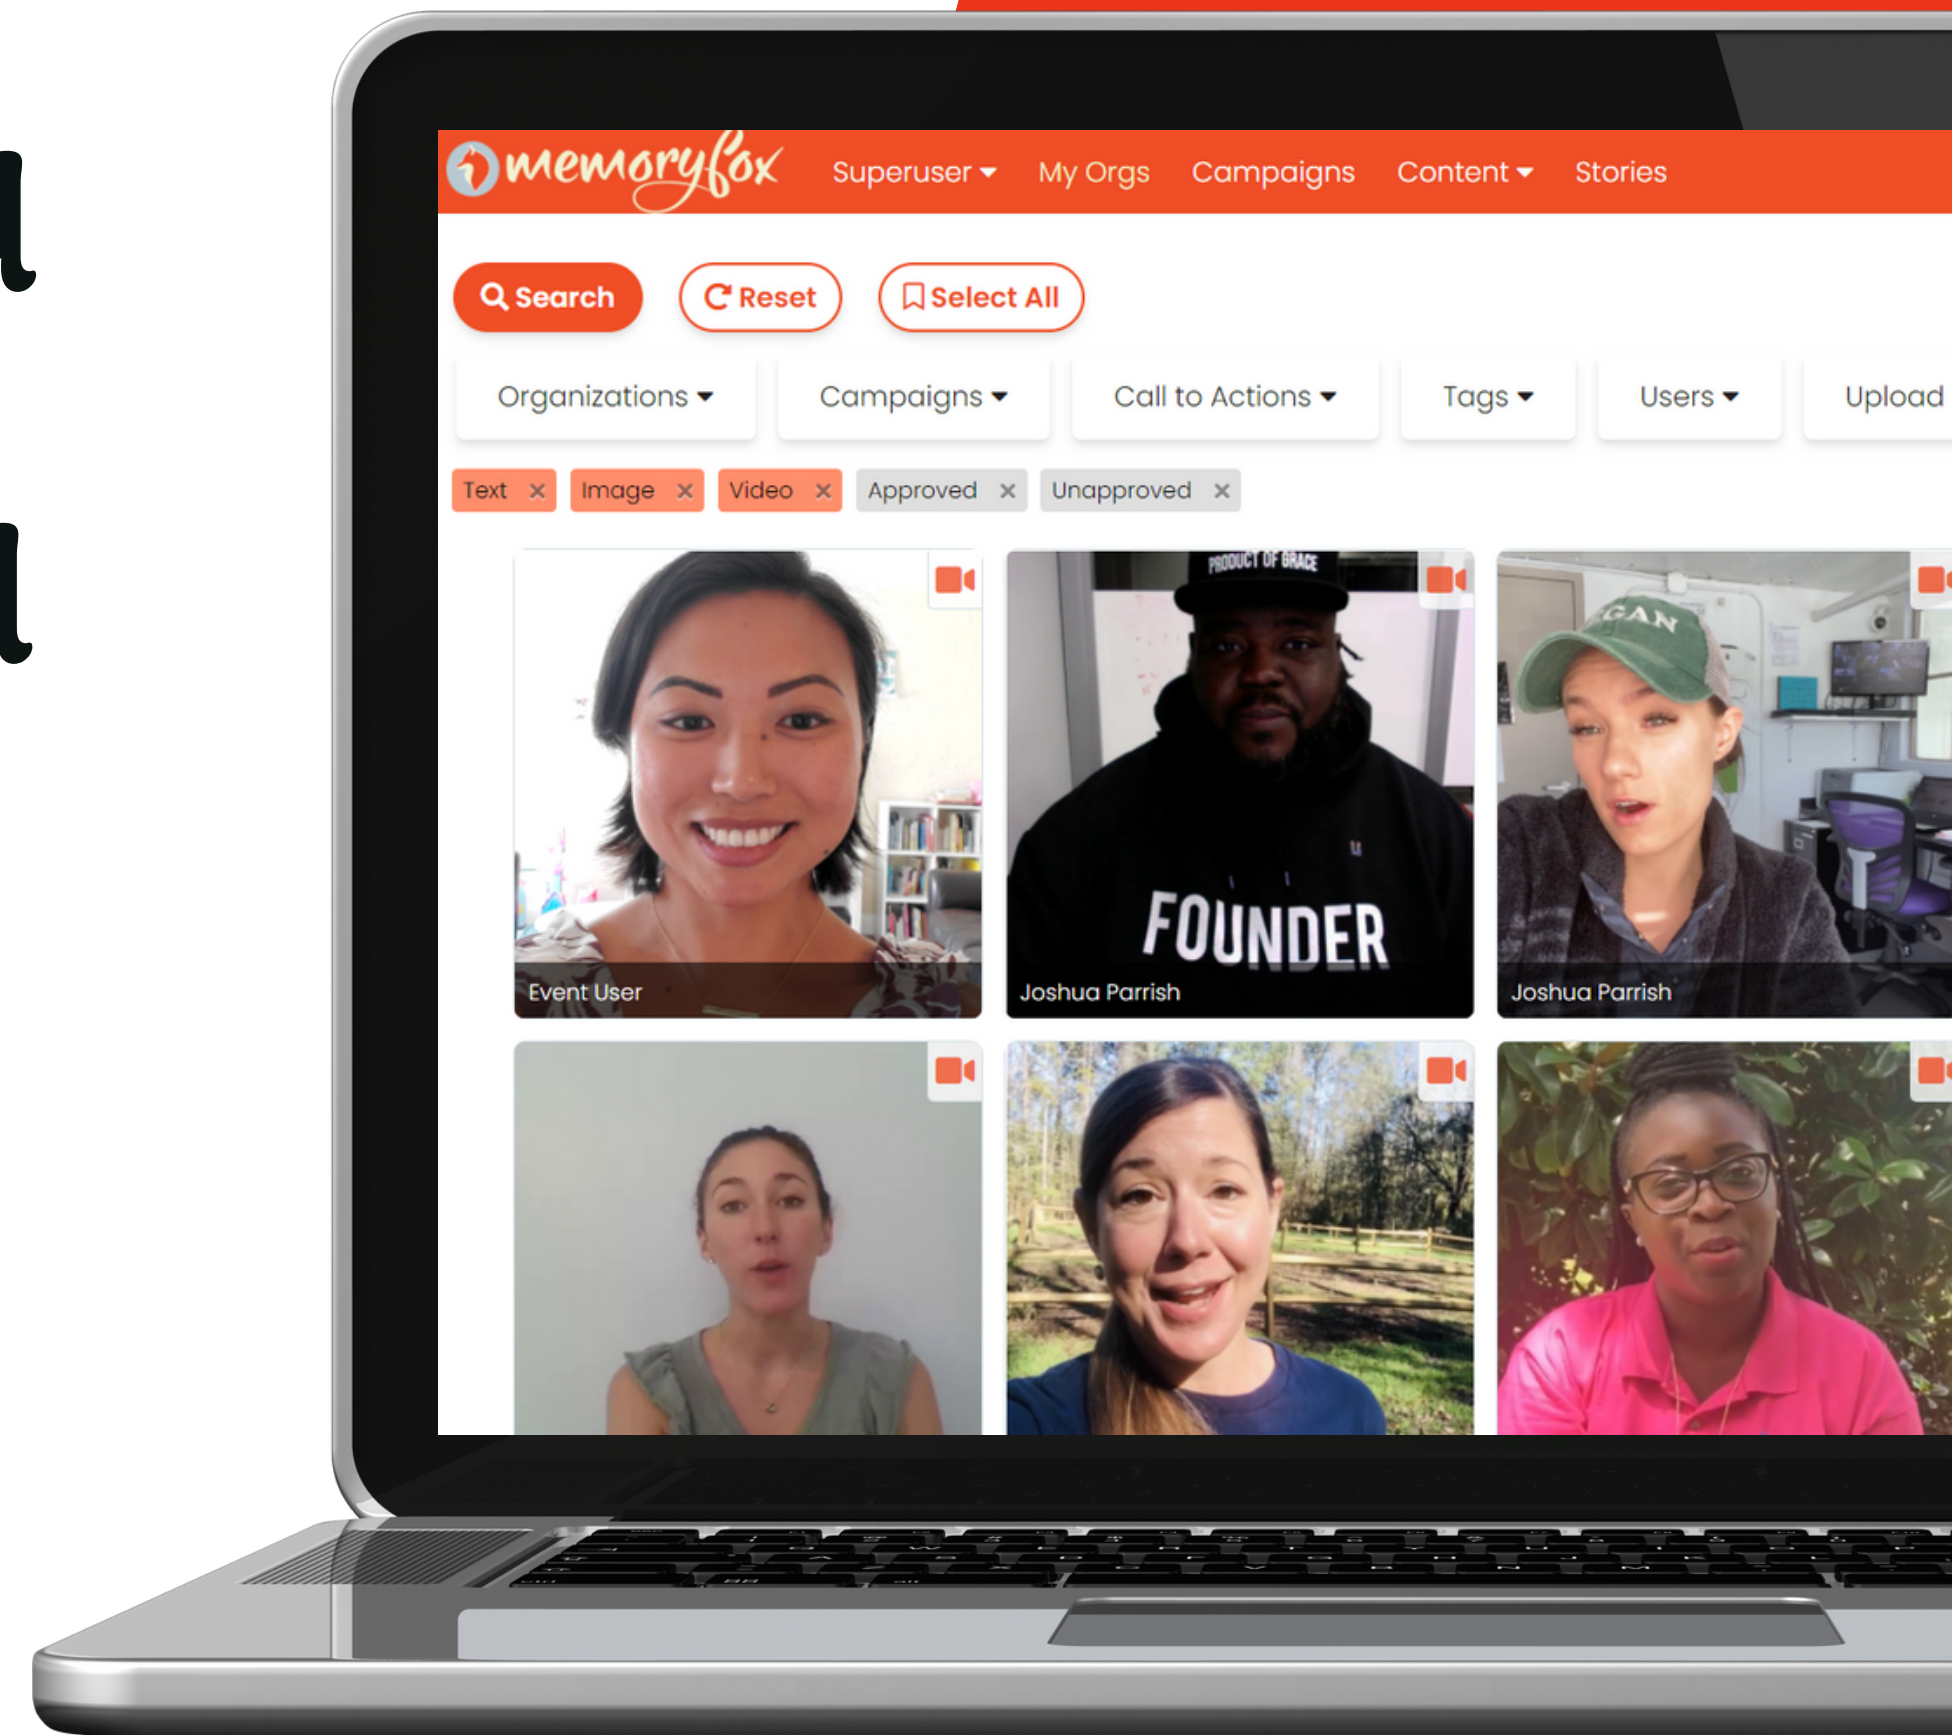

3 Guide collection with custom prompts and instructions

4 Redirect storytellers to your donation portal, resource page, etc.

Organize: collected content is tagged and added to cloud

- 1 Organize content by program, grant cycle, event, location, etc.
- 2 Migrate your existing content to tag and organize everything in one place

Share: turn your videos and images into powerful stories

1 Stories can be shared with anyone. MemoryFox access is not required to view stories.

2 Stories can also be embedded directly into your current website.
