

## About App

# It's a Brand New Day for Peer-to-Peer

We value ease-of-use and engaging event experiences to optimize participant fundraising

## Why Choose Our App

### Fundraising Made Easy

We've re-imagined the P2P mobile app experience and made it better than ever leading to increased participant engagement and stronger fundraising results.

#### Fundraising

Enable P2P fundraising on the GO including fundraising, donations, teams and fundraising page.

#### Check Deposit

Empower participants to deposit checks providing instant gratification and accelerate access to offline revenue.

#### Activity Tracking

Increase engagement by using activity points to create a sense of competition among participants through challenges and gamification.

#### Training Guide

Leverage activity tracking data by giving participants a digital training guide leading up to train for their endurance event such as a marathon or 50 mile ride.

### LUSTGARTEN FOUNDATION<sup>®</sup>

PANCREATIC CANCER RESEARCH

"Partnering with Nuclavis has been everything we expected and more, a great team, superior technology and best of all they make it easy."

#### Glen Peck

SVP Technology & Business Intelligence
